

(2 minutes before net)

This is ___(CALL)___, We will be holding an ARES net on this freq. in 2 minutes.

QST, QST, QST this is (*Name*), (*Call*), in (*Location*), I will be net control this evening for the **South Pierce Co. Amateur Radio Emergency Services (ARES)** net. We meet at 6:45 each Tuesday on 146.430 simplex. On the third Tuesday, we meet on the Graham Hill Repeater for improved coverage. The repeater Frequency is 145.230 / tone of 146.2

This net is for the weekly check and test of your radio equipment, also to pass **ARES** traffic and general Emergency preparedness information.

All licensed amateurs are invited to check in.

Is there any emergency traffic?

This is a directed net. When checking in please state your call sign, name, and location.

Are there any mobile check-ins come now

This is (*Call*), asking for regular ARES Check INS

Are there any **Announcements** (Please come now with your call sign?)

There are other **ARES** nets tonight and during the week, I encourage everyone to test their equipment by checking into as many as you can.

I also encourage everyone to check in to the Pierce Co. wide ARES net at 7 pm on 145.37 - / 136.5

Are there any late or missed members or visitors?

Are there any after net contacts?

I want to thank everyone who checked in tonight.

Last Call

The net is now closed at (*Time*) this is (*Call*) clear.
