

Western Washington Section, District 5,

Pierce County ARES

(Amateur Radio Emergency Service)

District EMERGENCY Resource & Tactical Net Preamble (30 Oct 2022)

(District Resource Net)

(Please employ a 10-second Long interval Tone Zero (LiTZ))

(State "This is an exercise" if appropriate)

May I have your attention, please! This is Net Control Station (Call): [REDACTED]. District 5, Pierce County ARES, has been activated and is now operating in emergency status. This is a directed net. All stations must obtain permission from Net Control prior to transmitting to other stations. Once you have checked-in, please Guard the District Net until you are checked-out or released. If you need to leave this frequency for any reason, please check out of the Net with Net Control. Mobile stations are asked to report their destinations and arrivals. Please check-out once you have arrived or are leaving the Net's coverage area.

Our alternate channel will be: **PC-2S** (Request/Assign/Confirm the ANCS) ANCS: Call): [REDACTED]

Stations with emergency traffic may break in at any time. Is there any emergency traffic? - - - - -

This is Net Control Station (Call): [REDACTED] calling for any PCEOC assigned check-ins. PCEOC AUXCOMM Manager please provide Channels, Net Control Station, Liaison, and Digital Calls Signs.

(Then release to standup the PCEOC)

Now calling for other activated EOCs, ECCs, or AUXCOMMs. Please provide Channels, Net Control Station, Liaison, and Digital Calls Signs.

Now calling for District Leadership DEC.

Now calling for ARES check-ins by team assigned.

When checking in, please give your callsign only, using Standard ITU Phonetics.

When you are acknowledged, please provide the following information: Emergency Worker Card status-Yes / No, any pending traffic by Precedence and Count, and deployable within the next 24 hours-Yes / No

We will confirm each check-in by restating your call sign and traffic-listing using plain English.

Now calling for: (in turn, EC, AEC, Team Members)

- Peninsula Team
- Central Team
- East Team
- South Team
- Roy Area Communications Network
- Other EMCOMM organizations or stations.
- Liaison stations - please identify whether you will remain on this channel or an alternate.
- Are there any late or missed stations? Please state your team affiliation before your callsign.

Are there any non-ARES or EMCOMM affiliated radio amateurs requesting to join the net? Please include your name and location.

This is Net Control Station (Call): [REDACTED] calling the District Emergency Coordinator for further instructions.

(If the DEC requests forming a Command Net, perform the section below)

At this time all District 5 General Staff stations, AEC and above, please check-in on the Command Net, PC-2S. You are temporarily released from this net. When you are released from the Command Net, please return to this net, PC-1S and standby. Team leaders will be queried for team information and teams will be released to their team nets. All other stations please hold traffic lower than Emergency precedence until the General Staff returns with deployment instructions.

This is Net Control Station (Call): [REDACTED]. Until the General Staff returns to this net - - WAIT-OUT.

(Request ANCS monitor this net while NCS attends command session)

(Wait for the General Staff to return to the net - - - - -)

(Once the Teams have received instructions, confirm that all appropriate information has been provided - CHANNELS, NET CONTROL STATION, LIAISON, DIGITAL CALLS - etc. Then release the Teams as checked-out en-masse to their Team Tactical Nets.)

Are there any EOCs, ECCs, or other EMCOMMs standing-up that are not already checked-in?

(After all Teams have been released, transition the District Resource Net to a Tactical Net.)

(District Tactical Net)

This is Net Control Station (Call): [redacted].

This net will now transition to a District Tactical Net. We will conduct an initial net call for the team liaisons and again every 30 Minutes. The net will continue to function between net calls.

(State "This is an exercise" if appropriate)

(Every 30 minutes, on the half hour)

(Please employ a 10-second Long interval Tone Zero (LiTZ))

May I have your attention please. This is Net Control Station (Call): [redacted]. District 5, Pierce County ARES has been activated and is now operating in emergency status. This is a directed net. All stations must obtain permission from Net Control prior to transmitting to other stations. Tactical Callsign's are in effect. Please close sessions with your FCC Call sign.

Our alternate channel is **PC-2S**. The ANCS is (Call): [redacted].

Stations with emergency or priority traffic may break in at any time.

At this time, we will conduct a net call to confirm Liaisons maintaining a District Net presence, and any stations with listed traffic. All other stations please standby.
