

W7PLU NET PREAMBLE FOR MONTHLY NET
v. November 10, 2021

Is this frequency (146.55 simplex) in use?

This is W7PLU the EOC station for Pacific Lutheran University with Net Control //Your name & call sign// calling for check-ins to the monthly W7LU on-campus HT net. This is a directed net. All amateurs are welcome to check in as visitors, and any emergency traffic will be given immediate priority.

Is there any emergency or priority traffic? [handle as needed]

The purpose of this monthly net is to provide training in a directed net, practice emergency communications skills, and inform participants about local and state ARES activities.

All stations now please check in in the order of the first letter of your call suffix; please identify with your call sign, name, and location. [Call A thru G, H thru M, N thru S, T thru Z] Any relays?

Are there any missed stations? Give your name, call sign, and location.
Are there any visiting stations? Give your name, call sign, and location.
Announcements: Are there any stations with reports or announcements?
W7PLU announcements

Is there any other business for the on-campus portion of the net? Thanks to all for participating.

Net control will now tune to the N3KPU repeater for the off-campus portion of the net.

=====

QST QST QST. This is W7PLU the EOC station for Pacific Lutheran University with Net Control //Your name & call sign// calling for check-ins to the monthly noon W7LU repeater net. This is a directed net, and this portion of the net is especially for off-campus PLU volunteers. All amateurs are welcome to check in as visitors, and any emergency traffic will be given immediate priority.

Is there any emergency or priority traffic? [handle as needed]

The purpose of this monthly net is to provide training in a directed net, practice emergency communications skills, and inform participants about local and state ARES activities.

All stations now please check in in the order of the first letter of your call suffix; please identify with your call sign, name, and location. [Call A thru G, H thru M, N thru S, T thru Z] Any relays?

Are there any missed stations? Give your name, call sign, and location.
